Vessel Information Access
& Online Application

Integration with
External System

With ClassNK Customer Hub - Ship in Service - (CCH SiS), you can submit application while checking Certificate/Status online in addition to the conventional NK-SHIPS functions. This seamless application helps lighten your daily workload.

We will continue to add new features to make your experience even more convenient.

**Start using the new service instantly with your existing
“NK-SHIPS” account — no additional cost or procedures!**

Please see the reverse side for details

All processes—from checking vessel status to submitting applications—can be completed within a single system, enabling a straightforward and efficient workflow.

BEFORE

Check Certificate/Status with NK-SHIPS, then launch e-Application separately to make and submit application.

Certificate

Status

e-Application

AFTER

With CCH SiS, you can check Certificate/Status and submit application with simple input.

Submit of Application is Now Easier

Instantly view Certificates/Status!
Click on the [Periodical] button...

Simple Input Only:
Schedule **Location** **Applicant Information**

Click on the [Go to Web Service]!
