

Application Forms for the Classification and Registry of Ships

Amended Guidance

Guidance for the Classification and Registry of Ships

Reason for Amendment

- (1) Regarding the International Ballast Water Management Convention which is entered into force on 8 September 2017, information related to statutory survey and issuance of statutory certificate was added.
- (2) Regarding the diesel engine installed on the ship constructed on or after 1 January 2016, information related to NO_x Tier III limit is added to clarify its application.

Outline of Amendment

The following application forms related to the classification and registry of ships were amended:

- (1) Application for Classification and Statutory Services During Construction (Form 1A);
- (2) Application for Surveys and Issue of Certificates (Form 2A); and
- (3) Application for Classification and Statutory Services for an Existing Ship (Form 3A).
